We wrote some clues to help you create your own treasure hunt at home. What are the solutions? Whatever makes sense for you!

Pick the ones that work and then set up your adventure!

You can link them together so that one clue finds the next or you can find them one at a time and each one leads to its own treasure*.

*What you use for the treasure(s) is your choice.
Have fun and good luck!

This is where you
sit and eat.
Not sure where?
Go find your seat!

This handy thing
protects your hair.
From water falling
from the air.

It's got four legs
and not one wheel.
We sit around
it for a meal.

Soft and cuddly.
Warm and fluffy.
Find it now?
It's a toughy.

It helps you see when
it shines real bright.
Click the switch and
the dark turns light.

It tells you when to
sleep and eat.
And the ticking
sound keeps a beat.

Your arts and crafts
are all made here.
Check it out!
It's hidden near.

Make some music,
play a tune.
Sing a song
and find it soon.

With this thing you
can make a call.
To another place
or just down the hall.

Pants and shirts
and things you wear.
Open the drawers to
find it there.

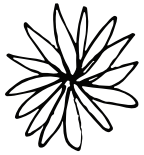

You win sometimes
when we play.
Look real close!
It's tucked away.

Moving pictures
and awesome shows.
Did we hide it here?
Someone knows!

Hiding things
that's what we do!
And this one's hidden
by... Ah shoe!

It's where you often
wash and clean.
We sink it's here if you
know what I mean.

Squishy and comfy
but not something
you wear.
It's soft, not hard and
your head goes there.

We hid it well
but not with locks.
It's hidden deep
within your socks!

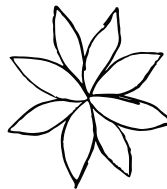

You know we know
you've tried to look.
Look again by your
favourite book!

In or out.
Here or there?
The secret lies
beneath the bear.

Letters are from
A to Z.
We hid it well
beneath your bed.

It's time to find
a little more.
It creaks It squeaks.
It rhymes with shmlor.
